

Bedtime Routine

Cut out the six pictures. Put them in order for bedtime, then glue them into the boxes 1 to 6.

Cut Cut along the dashed lines ✂

Glue Glue the pictures in order: 1 happens first, 6 happens last

Ray says: Ask what has to happen right before bed. You can't read a story before pajamas are on!

For grown-ups: lay all six out before any gluing and let them tell the story aloud; the order is the point, the gluing is the reward. Ask "what would happen if we skipped brushing teeth?" **Order:** 1 > C (bath) · 2 > F (pajamas) · 3 > A (teeth) · 4 > D (story) · 5 > B (light) · 6 > E (sleep)
