

Get Dressed!

Cut out the six pictures. Put them in order to get dressed, then glue them into the boxes 1 to 6.

Glue

Glue the pictures in order: 1 happens first, 6 happens last

Ray says: The layer closest to your skin always goes on before the layer on top!

For grown-ups: lay all six out before any gluing and act out the morning routine together; base layers (underwear, socks) go on first, shoes go on last of all, and a jacket is always last since it goes over everything else. **Order:** 1 > B (underwear) · 2 > F (socks) · 3 > D (pants) · 4 > A (shirt) · 5 > E (shoes) · 6 > C (jacket)
